

ETCC2020 – European Technical Coatings Congress will take place on 2–4 September 2020 in Krakow. The congress has 70 years of tradition.

The ETCC2020 lectures will refer to the latest scientific and technical achievements for paints, coatings, adhesives and construction materials

During the three days of the event there will be

- plenary presentations by specialists from Europe and USA
- 4 parallel sessions,
- poster presentations,
- exhibition (www.etcc2020.org/en/congress/exhibition)
- seminar "Summer School" with lectures dedicated for young scientists and students (www.etcc2020.org/en/congress/summer-school)

Abstracts submission, deadline: 28 February 2020

Registration as congress participants at www.etcc2020.org/en/registration

Promotion of the company is possible by sponsoring the congress

Exhibition. Your company can take advantage from presentation of scientific, technical achievements, products, equipment, services by using exhibition booth at exhibition taking place during the congress.

Basic ETCC2020 program is available at www.etcc2020.org/en/congress/congress-program

It will be prepared in details by 15 April 2020 by Congress Scientific Committees after selection and approvals of the oral paper presentations. Plenary presentations as well as keynote speakers are displayed at www.etcc2020.org/en/congress/speakers (this is current status and further keynote speakers are under arrangements).

Currently we have ca 170 abstracts of oral and poster presentations from many countries world-wide.

Topics of papers in this range include:

- Advances in science of paints, coatings, printing inks, adhesives and construction materials
- Polymers and other raw materials usage
- Corrosion protection products
- Products and process legislation
- Chemical composition and products specifications
- Environment, safety and health issues
- Progress in processing and production
- Equipment and production lines
- Application methods and application equipment
- Research & Development, quality systems

Presentations can be published in journals:

- Special issue of the journal: „Progress in Organic Coatings” – Elsevier, (www.journals.elsevier.com/progress-in-organic-coatings), Impact Factor 3.420
- “Coatings. An Open Access Journal by MDPI” (www.mdpi.com/journal/coatings) Impact Factor 2.330
- Other journals, on request

Awards 1000 Euro each, will be granted for the best papers in the following categories:

- Best presentation of the congress
- Best paper presented by a young scientist (age up to 35 years)
- Best paper with ecological content
- Others awards and recognitions,
